

Chemist Direct's Veterinary Prescription Service allows you to have your prescription dispensed and delivered quickly and safely.

Just 3 Easy Steps

- 1 Ask your vet to complete the details below.
- 2 Place your order online and write your order number at the top of your prescription.
- 3 Post the completed form along with your prescription, to:
Freepost RSJG-XYTG-HRJT, Chemist Direct, Unit 8-9 Junction Two Industrial Estate, Demuth Way, Oldbury, United Kingdom, B69 4LT
(You do not need to attach a stamp.)

Obtaining Your Prescription:

Your vet may prefer to provide you with his own practice prescription rather than completing the blank prescription form below. The pet in question must be under his care, so he may need to examine your pet before he can sign a prescription.

Please ask your vet to complete the details below.

PET PRESCRIPTION TO BE COMPLETED BY VET
